FINANCIAL ACCOUNTANT

Dear Hiring Manager,

I am writing to express my interest in the Financial Accountant position at your company.

With more than five years of professional experience in Financial Accounting, General Ledger Accounting, Financial Reporting, Month-End Closing, VAT Compliance, and Audit Coordination across Germany and India, I have developed a strong foundation in managing accounting processes within dynamic and international business environments.

In my current role as Junior Accountant at Tunnxo, where I am contributing as a Startup Volunteer, I support Accounts Payable, Accounts Receivable, General Ledger Accounting, Month-End Closing, VAT-related activities, and financial reporting using Lucanet, Sage, Lexware, Xero, and QuickBooks. Previously, during my accounting role at ISOPARTNER Deutschland GmbH & Co. KG, I gained hands-on experience working under HGB and IFRS, supporting monthly and quarterly closing activities, account reconciliations, VAT accounting, financial reporting, and audit processes using SAP S/4HANA and SAP FI.

Throughout my career, I have successfully managed General Ledger reconciliations, financial statement preparation, audit documentation, and process improvement initiatives that reduced closing timelines and enhanced reporting accuracy. My experience spans both multinational and medium-sized organizations, enabling me to adapt quickly to diverse accounting environments and stakeholder requirements.

In addition to my professional experience, I have completed a Master of Science in Finance from EU Business School in Munich. Combined with my practical accounting expertise, strong ERP knowledge, and international perspective, this has strengthened my analytical, financial reporting, and business partnering capabilities.

I am particularly interested in this opportunity because it aligns closely with my experience in financial accounting, reporting, and continuous process improvement. I am confident that my expertise in HGB, IFRS, SAP, DATEV, Lucanet, and financial reporting would enable me to contribute effectively to your finance team from day one.

I would welcome the opportunity to discuss how my qualifications and experience can support your organization's objectives. Thank you for your time and consideration.

Kind regards,
Sushant Vashisht
